

MainBlock™

Offset Pipe Clamp for 3/4" – 1 1/4" Water Service Lines

Solid

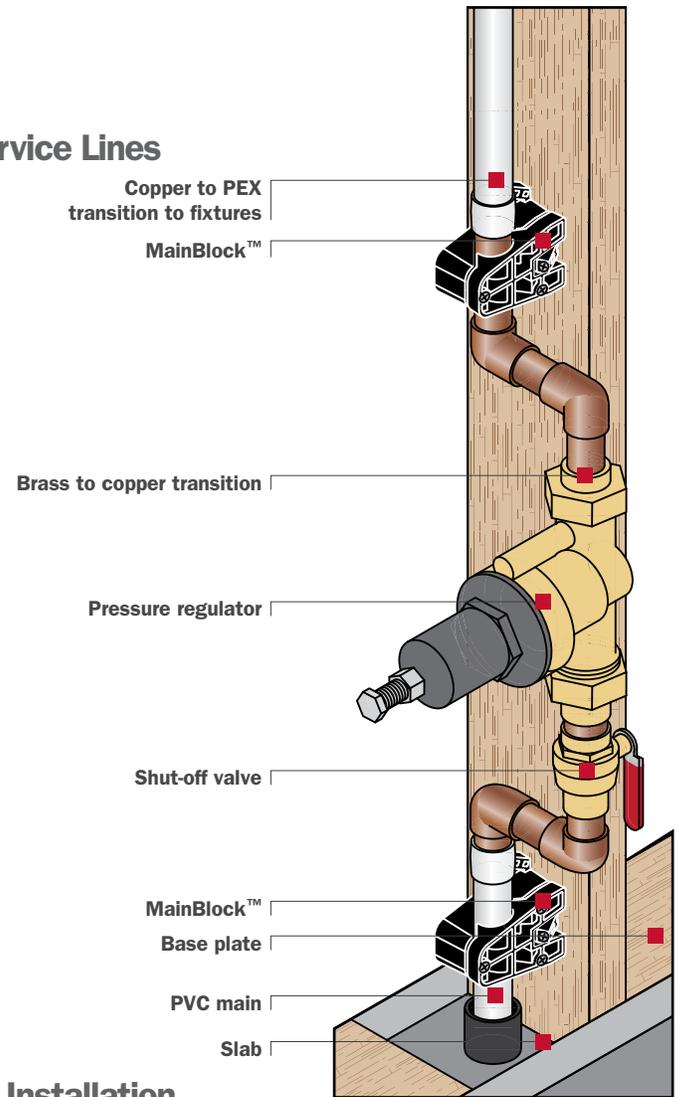

1 1/2" offset with 3-axis holding power for securing water main inlets, appliance and fixture stub outs, water heater/softener loops, etc.

Sensible

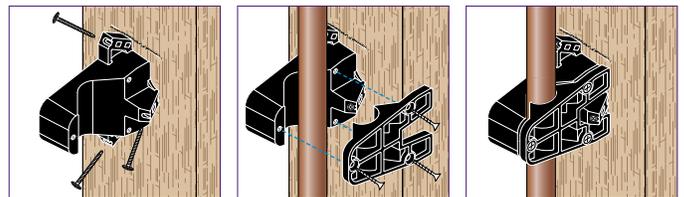

Clamps pipe above or below the pressure regulator or shut off valve to eliminate movement. Non-corrosive, compatible with copper, PEX, PVC and CPVC; quick and easy to install, hardware included.

Kit Contents:

- A: Rear block
- B: Front block
- C: #6 × 1 3/4" pan-head drill-tip screws
- D: #6 × 1" bugle-head coarse thread screws
